A MESSAGE FROM THE
COMMANDING OFFICER:

I want to personally welcome you to NAVAL BASE VENTURA COUNTY.

The regionalization of the County's naval bases and the formation of NAVAL BASE VENTURA COUNTY is a new concept for the local area. The regionalization formally began here on October 1, 1998, with consolidation of base operating support services at Construction Battalion Center, Port Hueneme and Naval Air Station, Point Mugu. The consolidation was part of the navy-wide initiative to streamline the operation of navy's shore installations and reinvest cost saving in new technology and weapons systems. The final step in the regionalization process was the establishment of Naval Base Ventura County 10 October 2000. This step included the consolidation of the aviation mission and the base operating support for the two bases under a single command.

NBVC Point Mugu is located about 65 miles northwest of downtown Los Angeles, on the Oxnard Plain. With a 6.5 miles south-facing beach, Point Mugu covers 4,490 acres of land, more than half of which is natural saltwater marsh wetlands. This setting provides an excellent location for enjoying bird watching or viewing marine mammals in natural setting.

Our unique coastal location offers an isolated area, which encompasses 36,000 square-mile fully instrumented and integrated sea test range for test and evaluation of weapons and aircraft systems. San Nicolas Island 60 miles offshore further extends this coverage and provides an airfield for launching full-scale target drone aircraft and an emergency divert aircraft operating on the range.

NBVC Port Hueneme is located on the vast Oxnard plain, northwest of Los Angeles. The coastal area of Ventura County boasts some of the finest weather available anywhere. The base itself covers more than 1,600 acres and has more than 29 miles of roads and streets and 10 miles of railroad track. Port Hueneme

offers the Navy's only deep water port, between San Diego and Washington.

Continuing its mission today, Port Hueneme provides a homeport that furnishes training, administrative, and logistic support for Seabees in many ports around the world.

We are very proud of the significant contribution of the Navy throughout more than 50-year history in Ventura County. NBVC looks ahead to the future, is proud to be at the cutting edge of the Navy's new era of shore station management, and is committed to support a diverse customer base with excellence and responsiveness.

SAN NICOLAS ISLAND - San Nicolas Island is located approximately 60 miles off the coast of Point Mugu. San Nicolas' 10,000-foot runway with ground controlled approach facilities accommodates supersonic target aircraft and planes from the mainland during operations. The island offers an

unobstructed area over which the Navy can test its new weapons systems.

San Nicolas Island is also one of California's key wildlife and environmental preservation areas. The natural and cultural resources of San Nicolas Island are managed through the efforts of Navy ecologists and archaeologists in cooperation with California Department of Fish and Wildlife Service, and the National Marine Fisheries Service.

CHANNEL ISLANDS AIR NATIONAL GUARD, 146th Airlift Wing, Port Hueneme, California, was originally established in the mid-1920's in Santa Monica and in 1988 moved its flight operations to its present location right next door to Point Mugu, sharing our major runways. The 146th Airlift Wing is comprised of some 1400 personnel, including more than 330 full time civil service, active duty, and civilian personnel. Twelve C-130E Hercules aircraft are available for air operations, flying federal and state missions to locations in the United States and overseas. The Modular Airborne Fire Fighting Systems which consist of portable, pressurized 3,000 gallon tanks containing either water or water-based retardant, are loaded onto these Hercules aircraft to assist the Forest Service in fighting fires. They have been called to duty many times in southern California and have aided in the saving of lives and property.

UNITED STATES COAST GUARD, CHANNEL ISLANDS HARBOR STATION, Oxnard, California was established in 1972. It is approximately 12 miles from Point Mugu and located on the East Side of Channel Islands Harbor. This is a 36 man station whose primary mission is Search and Rescue. The station provides radio guard on distress frequencies for the northern half of the 11th Coast Guard District. Station boat crews also participate in law enforcement patrols. The Coast Guard also has a recreation area available to active duty, retired military, reservists and family members. There are five camper/trailer pads with water, electricity, BBQ pits and picnic tables with a community sewage disposal facility. This facility is within walking distance of swimming, surfing, surf fishing, hiking, charter boat fishing, and it is a great place for bicycling. Call for reservations. No SITES listing is available for this installation.

There are two other installations in the area: Los Angeles Air Force Base which is approximately 60 miles south, and Vandenberg Air Force Base in approximately 100 miles north.

Climate

It is moderate Mediterranean with year-round temperatures ranging from 45 to 75 degrees. During the winter months of November through February the lows at night may reach 45 degrees, compared to the night time temperatures in the 50s the rest of the year. The daytime highs vary from the low 60's to the high 70's with 67.9 being the average year-round temperature. However, not all of the areas in Ventura County are the same. The further away from the ocean you go, the warmer it gets. Temperatures in Agoura, for instance, may be as much as 10 to 20 degrees higher than at Naval Base Ventura County Point Mugu. Prevailing winds are usually from the west at an average speed of 9 knots. "Santa Ana" wind conditions, usually in the late summer months, cause a hot, dry atmosphere. The Sky Cover (clouds/fog/etc) is measured in tenths with zero tenths being clear and ten tenths being overcast. The average year round sky cover at Point Mugu is 4.6. The average annual precipitation/rainfall is 12.11 (which falls mostly from January through March). Rainfall the rest of the year is very sparse. El Nino hit

our area in 1997 and early 1998 and we had unusually heavy rainfall this year (22 inches by March 1, 1998).

SMOG: An ugly word that people use when they talk about California. The smog level in Ventura County is less than in surrounding areas. The Ventura County Pollution Control District enforces strict air quality regulations to ensure that we stay relatively smog-free. The westerly ocean breezes certainly assist the coast cities and Point Mugu in doing so. Skies are generally blue and are certainly a far cry from the brown haze often used to describe the skies covering Los Angeles or other metropolitan cities.

EARTHQUAKES: We do have earthquakes. There are several geologic faults running through Ventura County. Most County residents consider the tremors an occasional hazard, but nowhere near as frightening or as devastating as tornadoes, blizzards, and hurricanes. In the last decade or two, there has been little or no damage from earthquakes to Point Mugu or any of the nearby cities.

Ventura County has a rich cultural diversity in its communities and in its schools.

Naval Base Ventura County is surrounded by several cities which house most of our personnel. Each of these cities-Camarillo, Oxnard, and Port Hueneme-has its own elementary school district or districts. All three are serviced by the same High School District.

Elementary school children living onboard Point Mugu attend Ocean View School District schools. Those living in housing in Camarillo attend Pleasant Valley School District schools. Navy College has overall responsibility for voluntary education for military members and it provides a broad range of programs and services. These include academic information, advising/counseling, testing, tuition assistance, independent study information, basic skills instruction, National Apprenticeship Program information, and assessment of educational experience in the armed forces for possible college credit.

ADMISSIONS TO COMUNITY COLLEGES - State administrative regulations allow all active-duty military to attend at the resident fees. Also, dependents of active duty military may attend community colleges as residents for one year during which time these dependents must do something to establish residency on their own. Whether or not they will be considered residents or non-residents for

the second and subsequent years depends on their actions during their first year in California. If their actions in the first year demonstrate their intent to be California residents, such students are entitled to continue to be treated as California residents by the community colleges.

Tuition at all community colleges is approximately \$11 per unit for resident undergraduates, \$117 plus \$11 per unit for non-residents. Other costs in addition to tuition include a mandatory \$10 health fee. Semester parking fees on the campuses are \$30 car, \$21 motorcycle, \$6 second vehicle, carpool permits \$25, daily parking fees \$1. Fines are LARGE!!!

Volunteers assist organizations by enabling those
organizations to save time, money, and to offer
services that might otherwise be unavailable.
Volunteers themselves benefit from knowing that
they have performed a useful service and have
directly influenced the quality of life within their
community. The Naval Base Ventura County Family
Service Center recognizes that volunteers are multi-
faceted in talents and skills and represent a wide
range of experience, education, and professional
training. The military community volunteers can add
a dimension of experience to the FSC that comes
from living the mobile military lifestyle. If you are
interested in learning about the volunteer
opportunities here at the Family Service Center, or in
the surrounding community, please call (805) 982-

Port Hueneme. There are a number of motels offering pleasant accommodations in the surrounding areas. Your sponsor should be able to help you set up living arrangements prior to your move.

Each site has housing on it; there is an additional military housing complex in the city of Camarillo, which is approximately 20 minutes drive from Mugu and 25 minutes from Port Hueneme.

The following information has been provided by the Housing Welcome Center:

WELCOME!! We hope your tour at in the Naval Base Ventura County military will be an enjoyable one. The health, safety, welfare, and comfort of your family is of the utmost importance to us. We can assure you that when you are deployed and separated from your family, that every possible assistance will be given when a need arises. Our job is to adequately house military families.

EXCEPTIONAL FAMILY MEMBERS. If you or your family have special needs or requirements that warrant consideration of advancement on the waiting

list, please bring this to our attention at the time of your application. There are five categories of Exceptional Family Member (EFM) that identify the level of special care the member will require. Family member designated as Categories IV and V EFMs are severely handicapped and permanency in living arrangements is desirable. Control dates for sponsors with family members in these two categories will be placed directly below the freeze zone (the top 10% of the waiting list).

APPLICATION PROCEDURES. The following information is required from you in order to be placed on the waiting list(s) for assignment to government quarters.

____ DDFORM 1746 (Housing Application)
____ Copy of your orders assigning you to duty within the Naval Base Ventura County
____ Dependency Information, Page II
____ Proof of Detachment from previous duty station.

Control date for the establishment of waiting period shall be the date of detachment from previous duty station, provided:

Eligible personnel apply for housing and/or confirm their application within 30 calendar days of report date to the new permanent duty station in order to receive the effective date of application for assignment to housing. If the member does not apply or confirm their housing application within 30 days of report date, the control date is the date the housing office receives the application.

You will be offered housing only in the areas you select. Once you have moved into Government quarters, your name will be removed from all other housing waiting lists and relocation to another housing unit or area will not be permitted.

A Power of Attorney is also required if someone other than the military sponsor will be accepting and signing for government quarters. A DDFORM 1740 (Department of the Navy Dependent Care Certificate) will be required if you are a single military parent. Documentation of Exceptional Family Member (EFM) will be required if you are eligible for this program.

WAITING LIST INFORMATION:

* Military member is advised to place a hold date on housing application if family does not want to move into base housing during member's deployment or in

a lease. You will be allowed to turn down one housing offer without losing your position on the waiting lists. If you decide to turn down a second offer, your name will be removed from all lists and you must wait three months before reapplying upon approval of a Special Housing Request.

* You can place your name on the waiting list for one of three areas (Port Hueneme, Point Mugu, or Camarillo). You can change your selection at anytime during the first 30 days after coming into the Housing Office without being penalized. If you change your selection after the 30-day period, your control date will change to the day you make the change. (Example: On 1 Sep 99, you come into the Housing Office to confirm your name on the waiting list, and you chose Port Hueneme site; you can make changes to that selection until 1 October with no penalty. If you come in on 2 October to make a change, your control date will be 2 October.).

* You will be offered housing only in the areas you select. Once you have moved into Government quarters, your name will be removed from all other housing waiting lists and relocation to another housing unit or area will not be permitted.

* Member must agree in writing to accept a smaller unit than their bedroom requirement and that once assigned, they will not be eligible for a larger unit.

* Upon confirmation of pregnancy, which would increase a member's bedroom requirement, the applicant's name will be placed on the waiting list for the higher bedroom requirement.

In Transit Emergencies

No matter how well you plan, emergencies do happen. What should you do in case of emergency while you are traveling?

First be sure you have all your important papers with you -- not packed with your household goods. This includes military orders, medical records, military pay records, household goods inventories, new command phone numbers, your sponsor's phone numbers and a copy of the SITES booklet for your new duty station.

Financial Preparedness

Financial Preparedness is of major importance to military families, not just during relocation, but at all times. The Family Service Center (FSC) has a Financial Counselor, whose primary focus is assisting military members and their families to become financially sound.

We STRONGLY encourage you to make an appointment with a financial counselor at the FSC or at your command BEFORE you move and set up a pre-move and a projected post-move budget (one which will take into account housing costs here at Naval Base Ventura County, absence of spouse's paycheck [if spouse is currently employed] for the first few weeks at the new location, and money set aside for emergencies which may arise en route).

The FSC is the training site for the Command Financial Specialist Program. This program emphasizes personal financial responsibility and accountability by providing basic principles and practices of sound money management, counseling tools, and referral services. The Command Financial Specialists are trained to assist military and family members of their commands to attain financial security. The Family Service Center offers several workshops dealing with financial preparedness including Financial Management, Credit Management, and Personal Finance. These are in addition to the workshops (such as Base/Spouse Indoctrination and the TAP class) where sections deal with financial preparedness.

Exceptional Family Member Program (EFMP)

For more information on this subject:
Special Needs Network
<http://mfrc.calib.com/snn>

The Exceptional Family Member Program (EFMP) is a program which identifies medical, physical, psychological, and educational needs of family members and ensures duty station assignments where those needs can be met. To ensure that special needs of family members are considered by detailers during the assignment process, service members are mandated to enroll in this program by OPNAVINST 1754.2.

Enrollment must be completed when the special needs are identified or at least nine months prior to Projected Rotation Date (PRD). This provides the detailer time to work with the next assignment and to consider the family member's special needs, the military member's career needs, and the Navy's needs.

Service Members must also RE-ENROLL family members EVERY THREE YEARS. If you have not re-enrolled in the program, please do so before orders are due.

Household Goods Claims

If you discover loss or damage, upon delivery, you are required to list the loss or damage on the "Joint Statement of Loss or Damage at Delivery" (DD Form 1840). The carrier or the carrier's representative will provide you with this form at the time of delivery. This form is to be completed jointly by you and the carrier or carrier's representative who is delivering the shipment. The DD Form 1840 serves as a notice

to the carrier of loss or damage and a receipt of delivery.

If you discover additional loss or damage not annotated on the DD Form 1840, you must use the "Notice of Loss or Damage" (DD Form 1840-R) on the reverse of the DD Form 1840. You have up to 70 days to inspect your property and record all loss or damage. In all instances the completed DD Forms 1840/1840R must be delivered to your local claims office no later than 70 days from the date of delivery. Failure to deliver the form or to list all items may result in a reduction of the amount payable on your claim.

You have two years from the date of your shipment to file your claim against the government; however, claims should be filed as soon as the loss or damage is apparent to assure prompt settlement.

If you sustain property loss or damage, promptly contact the claims office for assistance.

For Teens Only

The major question that any teen or pre-teen wants to know when moving to a new area is "What is there to do for fun?". Well, Naval Base Ventura County is right in the middle of an area where "fun" is abundant.

First of all, the NBVC has one of the best "surfer" beaches from Canada to Baja. Our coastline is South-facing and that produces the highest and fullest and longest lasting breakers. Surfers from everywhere are always trying to get the opportunity to surf on the beaches which are reserved "just for you". Of course, swimming, sunning, and volleyball are also great sports if you are not a surfer.

The Chapel of Faith has great programs for teens. They take interesting trips and do all kinds of fun things. Be sure to check in with them once you arrive.

Both sites have movie theaters with a good selection of movies and it costs nothing (except for the price of any refreshments you buy). Enjoy movies on Friday and Saturday nights.

The MWR Youth Centers have a variety of entertainment from open recreation to trips and other activities. No matter where you live, a youth center is available for your use.

All of our junior high schools, high schools, and community colleges have a variety of activities and sports programs. You can check with the individual schools to find out what's offered. If you need assistance, come by the Family Service Center. We have phone numbers and point of contact to get information on activities.

In the surrounding towns there is every kind of activity imaginable. Pools, Boys & Girls clubs, bowling alleys, skating rinks(ice&roller), and the biggest selection of movie theaters you have ever

seen. Don't forget that we are also very close to Disneyland, Knotts Berry Farms, Universal Studios, Magic Mountain, Raging Waters, Dodger Stadium, Angels Stadium, Griffith Park, and a zillion other fantastic amusements. You will not lack for something to do!

Survival Tips For First Termers

Survival Tips for First Termers Overview

Being in the Navy is not just a job, it's an adventure. It is an opportunity and a proud tradition dating back some 200 years. It is a challenge for both single and married military personnel to handle their duties, satisfy their personal and financial obligations, and meet the demands of an immediate and extended family.

The variety of experiences and the number of places military personnel and their family members travel and live is matched by no one and is envied by almost everyone. A great amount of preparation is necessary to make the most of the mobile lifestyle of the Navy.

Below you will find some "Survival Tips" to assist you and your family as you begin your Mobile Military Lifestyle.

Before You Move

As soon as you receive your orders, visit your Family Service Center Relocation Counselor. You will find a wide variety of services and resources available to you, including Standard Installation Topic Exchange (SITES) booklets (such as this one), describing your new duty station, information and classes on planning moves, Welcome Aboard Packages, videos of your new area, lending closets, etc.

Contact the Personal Property Office for an appointment with a counselor to schedule your household goods move. During your counseling session your counselor will provide a great deal of valuable information. Pay attention to details, take notes, ask questions, and follow directions. Failure to follow the guidelines can be costly in time and money.

Notify your current landlord, rental agent, or Housing of your Permanent Change of Station (PCS) order and your anticipated date of departure. If there is a military clause in your lease, you must give this notification in writing. Contact your local housing office for assistance.

Request a sponsor at your new duty station. This person can be a vital link to your new home. Your sponsor can send you specific information on your new location and assist you when you arrive.

Begin a count-down list for your move. Include items to remember and at what point you need to complete them: change of address cards, school records for your children, medical records for all family members, travel arrangements for pets, appointments with household goods, housing, etc.

Start budgeting for your move. Consult your Family Service Center, Financial Counselor for assistance. Discuss with your Transfer Clerk at the Personnel Support Detachment (PSD) your options regarding advance pay and travel funds. Remember that with all entitlements, special pay and allotments, moving can be expensive!!! Be prepared. In addition, families facing the loss of one income (the spouse's) during relocation will feel an additional financial impact.

Be sure to notify your friends and families of your upcoming move! Don't forget a change of address notice to the Post Office.

The above list does not contain everything that you have to do before moving, but it is a start. Contact the Relocation Counselor at the Family Service Center for a complete checklist of things to do and many helpful publications to assist you with all the details. Attend a "Smooth Move" workshop, if at all possible. These workshops provide you with a multitude of information on moving with the military.

After You Arrive

The first thing to do on arrival is to check in with the Quarterdeck at the Naval Base Ventura County, Point Mugu, Building 1, (805) 989-7209 or Building 1000, Quarterdeck for those reporting to a Battalion.

Contact the Family Service Center Relocation Counselor (805) 982-5037. All the information you'll need once you arrive at your duty station will be available in the counselors office. You can find out about housing availability, school registration for your children, child care, and Spouse Employment Assistance all at one time.

Contact the Housing office, (805) 982-3730 or 989-3025, BEFORE making any arrangements for civilian housing. For singles, be sure to check in with the

billeting office for information about barracks assignment or off-station living.

Notify the Personal Property Office of your arrival, your new address, and check on the status of your household goods. You'll want to know many things: if they have arrived, are they in storage, how much storage time do I have, how do I arrange for delivery, and how are damage claims handled, if there is damage. For the answers to these and other questions, call Personal Property at (805)982-5180.

Once you have settled into your command, found the perfect home, received all your household goods, filed any damage claims, gotten your kids enrolled in school, it's time to get acquainted with the neighborhood and all the exciting things that Southern California has to offer. Pay another visit to your Relocation Counselor, (805) 982-5037, and to the Morale, Welfare and Recreation (MWR) ITT Office, (805) 982-4287 or 989-7628, for information on all the enjoyable things there are to do here.

Reporting Procedures

Reporting to Naval Base Ventura County can be a challenge.

Arriving by Air - you will either land at Los Angeles International Airport (LAX), which is approximately 1-1/2 hours south of Point Mugu or the Oxnard Airport, which is approximately 25 minutes north of Point Mugu. No matter where you land, there is no shuttle to Point Mugu. From LAX there are shuttle are only ONE shuttle bus service(Roadrunner shuttle) to Ventura County. The cost is about \$40.00 from LAX. They are costly. If you arrive at Oxnard Airport, there is also no shuttle to Point Mugu. Once you land or arrive by , a taxi to Point Mugu can be costly (from \$25 up depending on where you are). This is one very good reason to have and contact a sponsor. Make prior arrangements for your sponsor to meet you either at Oxnard Airport or LAX.

Arriving by AMTRAK Train - there is an AMTRAK Train Station in downtown Oxnard, approximately 15 miles from Point Mugu. There is no shuttle from there to the base and, again, taxis can be expensive. The train station is NOT an area to walk around in at night. Please be sure your command and/or your sponsor know of your arrival times and that someone will be there to meet you upon arrival.

Arriving by GREYHOUND Bus - there is a Greyhound Bus Station at the AMTRAK Station in

downtown Oxnard. The same information as above applies to the bus station.

Arriving by Automobile - Naval Base Ventura County - Point Mugu site is located on Highway 1 (Pacific Coast Highway) between the Las Posas Road and Wood Road exits. If you are arriving on Highway 101 (Ventura Freeway) from the north or south, take the Las Posas Road exit going South. Continue on Las Posas through stop signs and stop lights at the Pleasant Valley Intersection, the 5th Street Intersection, and the Hueneme Road Intersection. Proceed until Las Posas crosses over Highway 1 (Pacific Coast Highway) and dead-ends into the Los Posas Road gate. Directions from there to Security or to Building 1 can be given by the gate guard during working hours. If you arrive after working hours, after you cross over Highway 1, before you get to the gate, there is a right-hand turn onto a frontage road which takes you down to Security (half way between the Los Posas Gate and the Main Gate). Should the Security Office be closed, continue on the frontage road until you reach the stop sign which is the Main Gate. Turn left to reach the gate guard.

The Port Hueneme site is located at the corner of Ventura Rd and Pleasant Valley Road. Take Highway 101 and take the Las Posas exit, cross over the freeway (westbound) to Pleasant Valley Road westbound (through the fields and toward the ocean) all the way to the Pleasant Valley Gate at Port Hueneme. If you plan to take Hwy 1 go past Naval Base Ventura- Point Mugu Site and exit Pleasant Valley exit and cross over Hwy 1 and continue on to the Pleasant Valley Gate at Port Hueneme site.

Once you are on-station at NBVC, Point Mugu site report to the Quarterdeck, Building 1, (805) 989-7209, for inprocessing or reporting to a CBC Battalion, report to the Quarterdeck, Building 1000, Port Hueneme site, 982-4571.

Travel Planning

For more information on this subject:

http://www.nbvc.navy.mil/1NBVC/compass/to&around/index_to&arnd.htm

The actual process of moving can be a real holiday or a miserable series of trouble and gasoline stops! As you plan your trip, try to limit your daily journey based on your own tolerance level and the level of your family members, if appropriate.

Confirm all travel arrangements before you leave. Airline, AMTRAK, Bus, and Hotels. If you are traveling with pets, be sure you take plenty of water,

a good carrier, and ensure that the hotels you have booked take pets.

Check with your Family Service Center Relocation Counselor for a computer program which does a TRIPTIK similar to what Triple A does. It will map out your route (with whatever via locations you choose), tell you the miles you will be traveling, the number of driving hours you will spend, and the approximate cost of gasoline (based on your vehicle mileage and the average cost of gasoline that you enter).

When on the road, remember to keep track of mileage and all expenses. Many expenses, if not reimbursed, are tax deductible if you itemize deductions. Keep all receipts. If you don't need them, you can discard them later.

If driving, balance your day. Make time for a walk in the park or a swim in the pool or some other relaxing activity. Be sure to take along entertaining things for all family members too!!

When you pack, don't overpack. A suggested guideline could be one bag per person (in the spouse's bag, pack an "interview outfit", if the spouse needs to seek employment during the first months on the base), one special toy per child, a first aid kit, a dirty clothes bag, and an empty suitcase for souvenirs, etc. Also, please remember to carry all important papers, children's school transfer papers, household goods inventory, family members medical records, travel orders, etc. with you; don't send them with the movers.

Vehicle Ownership

Because all states have different insurance laws and rates, let your insurance company know when and to where you are moving. Also, pay attention to driver's license and auto registration expiration dates. To avoid penalties, make sure all automobile papers are in order, any required inspections are done, and all drivers are properly licensed before leaving for your new duty station.

If your vehicle is financed, be sure to notify your finance company of your upcoming move. Some releases may be required to take a vehicle from one state to another.

Seatbelts are mandatory for all occupants of any motor vehicle operated in the State of California. Children under 4 years of age or under 40 pounds must be properly secured in a federally approved car seat.

Helmets are mandatory for all motorcycle drivers.

If registering your car in California, it must pass a state smog test. When registering your car on Naval Base Ventura County, it must pass a smog test, but the smog test will be to the standards for the state in which the vehicle is registered, not necessarily California standards. At time of registration onboard NBVC, you must present the current registration, proof of insurance, a valid driver's license, and a smog certificate. California law requires insurance with a minimum of \$15,000/\$30,000 public liability and \$10,000 property damage. (NOTE: It is illegal to operate a motor vehicle in the State of California without insurance).

The only windows in a vehicle that may be coated with "other than factory" tinting are those located behind the front seat. Any tinting, regardless of how light, that has been applied since it left the factory, is illegal on the front side windows, windshields or windshield. If the back window is tinted, the vehicle must be equipped with two outside mirrors, one mounted on the left and one on the right. Driving with parking lights on is illegal in California, any time of day or night.

Housing and Billeting

Navy and Marine Corps personnel reporting to Naval Base Ventura County should report to Naval Base Ventura County Building 1, Quarterdeck, Point Mugu site.

Personnel reporting to a CBC Battalion report to Building 1000, Quarterdeck, Port Hueneme Site during working hours, (after working hours report to the BEQ at Port Hueneme site).

Personnel reporting with family members are required to check in with the Housing Welcome Center at either site. This is to get on the housing list and/or get Housing Referral Information (which is a requirement before securing any civilian housing).

Money Matters

The costs associated with PCS moves can be debilitating for even the most solid budget. There are reimbursements but the upfront money can be a real strain on the pocketbook. Research has demonstrated that the average military family reports approximately \$500 during each move and that only \$1 of every \$3 is reimbursed.

PLAN AHEAD. Check with your Family Service Center Financial Counselor for help with budgeting prior to your move. The Transfer Clerk at PSD can give you information about all your PCS entitlements.
